EXPERIENCE

MERN Full Stack Development Intern <i>Zoople Technologies</i> – Built full-stack applications using MongoDB, Express.js, React, and Node.js; designed RESTful APIs following industry-standard architecture principles. – Developed modular, reusable React component libraries improving UI scalability; optimized MongoDB query pipelines to reduce data retrieval latency.	Mar 2025 – Apr 2025 Kochi, Kerala
Full Stack Python Development Intern <i>Zoople Technologies</i> – Engineered a Django (MVC) e-commerce module with dynamic product listing, cart management, and session-based user authentication. – Optimized SQL queries and backend logic, reducing average API response time by ~30% and improving overall system reliability.	Apr 2024 – May 2024 Kochi, Kerala

PROJECTS

Multi-Vendor E-Commerce Platform <i>Django, SQLite, Bootstrap, JavaScript</i> – Built a production-grade platform with role-based vendor dashboards, secure CRUD operations, and a checkout workflow with payment gateway simulation. – Designed an indexed product search and filtering engine delivering sub-second query results across large catalogs.	4 months
Job Portal Web Application <i>PHP, MySQL, HTML, CSS, JavaScript</i> – Developed a full-featured job portal with recruiter and candidate workflows; achieved API response times under 2 seconds via backend tuning and query indexing. – Built a mobile-first responsive UI with secure session management, input validation, and cross-device compatibility.	3 months
